OUR PROMISE

Throughout your lifetime you'll make countless memories.

Some of these memories you'll save only in your

mind's eye, but for those special days and moments,

EL PHOTOGRAPHY AND DESIGN can provide you with photographs you can hold onto and treasure for years and years to come.

Just as the memories you make are unique, the services we provide are as well. Our years of experience in photography allow us to be precise with technical photographic aspects, but our experience in design is what allows us to capture those special "real-life" shots not every photographer can provide.
